

***Hot link: LEA Quality Assurance Service***

***Provision***

*Used as part of an ongoing quality improvement process, observation and structured feedback to administrators, and course staff is seen as a positive, developmental process, rather than an 'inspection'*

***Impact***

*At the end of each course/consultancy or other development activity, the recipients are required to complete and submit an evaluation proforma. This ensures a high percentage return and is therefore a reliable database for analyses. This analysis is used to help inform planning for CPD opportunities*

*Monitoring of teaching and learning through school visits, which includes feedback on areas of strength and areas for improvement. School sport co-ordinators monitor the impact of CPD within their families of schools and give feedback through informal, as well as formal meetings.*
