

***Hot link: LEA Advisory Service***

- *CPD and its effectiveness is an agenda item at network meetings. Teacher give feedback with regard to CPD and the effect it has had on practice and standards. Also, through discussion about current issues and concerns, future development activities are identified.*
- *SSCo's also monitor the impact of CPD within their families of schools and give feedback through informal, as well as formal meetings.*
- *Constant contact with the School Improvement Adviser and the PE Consultant through networks and family cluster meetings. Also, teachers are able to have regular telephone contact with both those officers for advice, support and feedback on success and impact of CPD.*
- *Strategic partnership working. The Healthy Schools Team evaluations the effectiveness of their CPD and the impact it has on high quality physical education. Activemark is used as an audit tool in the SSSCo Partnerships to identify strengths and weaknesses in provision. The LEA and the PDM's then use this information to plan CPD for the future.*
- *Monitoring of teaching and learning through school visits*
