

# Membership application

## The association for professionals in physical education, sport and dance

**The Association for Physical Education:** the physical education subject association for all professionals with appropriate qualifications in physical education, sport and dance. The regional and national networks within the Association ensure that there are opportunities for everyone involved in physical education to shape and develop the subject.

### Our purpose

We are committed to promoting and maintaining high standards and safe practice in all aspects and at all levels of physical education. We:

- Are the **voice of physical education**.
- Influence **developments in physical education** at national and local levels.
- Provide **quality assured** services and resources, provide valuable professional support for members and the teaching profession through a range of high quality CPD opportunities, regular updates, advice, insurance cover and dedicated helplines for health & safety and legal advice.

### What we do

We provide a range of information about the Association's activities through our website [www.afpe.org.uk](http://www.afpe.org.uk) and provide direct links with other national agency websites. The website has a secure log-in area that provides resources and information exclusive to members. Additionally we:

- Provide a range of bespoke and National CPD activities through the **National College for Continuing Professional Development** including resources, regional CPD, coaching and mentoring support and occasional papers.
- Organise **regular meetings** through the regional network in order to discuss regional and national priorities.
- Provide **insurance cover** for members, with optional additional cover available for those working as independent consultants or expert witnesses.
- Offer **advice and support** to individual members on a wide range of issues including health & safety, legal matters, curriculum issues and career advice.

- Offer **service level agreements** to provide physical education support to institutions & LEAs.
- Provide opportunities for **consultancy work** for members.
- Publish **Physical Education Matters** a quarterly journal for members, featuring articles on physical education pedagogy, current issues, CPD and offering or providing a forum for sharing professional views and opinions.
- Provide a **free monthly membership newsletter** for regular updates and newsflashes.
- Publish a referenced **research Journal, Physical Education & Sport Pedagogy** which is peer reviewed and carries a Research Assessment Exercise (RAE) rating. It promotes the communication of educational research in physical education and related fields and features data-based and advocacy papers on instruction, learning and curriculum and especially the interdependence of these dimensions of pedagogy. It is published 3 times per year.
- Organise an **annual conference** in July. This two day residential conference is the essential conference for all those involved in physical education and is offered to members at discount.
- Produce a **range of publications** and resources, including:
  - *Safe Practice in Physical Education and School Sport*
  - *Achieving Excellence: Subject Leader in Physical Education (second edition)*
  - *Assessment for Learning*
  - *School Induction Pack for Adults Supporting Learning*
  - *A Guide to Self Review in Physical Education*
  - *School Self Evaluation in Physical Education – a Resource Pack*
  - *Observing Children Moving*
  - *Observing & Analysing Learners' Movement*
  - *Professional Development Records*
  - *PEGS*
